

Chulalongkorn University - ASEAN - EU - PartnErS Meeting

Human stem cell research and animal models for therapeutic cloning

Faculty of Medicine, Pattayapat Building 4th floor,

February 8, 2012

08.30-09.00	Registration
09.00-09.15	Welcome speech- Chairman, Organizing Committee Assoc.Prof.Dr. Kamthorn Pruksananonda Opening remarks by Dean of Faculty of Medicine, Chulalongkorn University Assoc.Prof.Dr. Sophon Napathorn Dean of Faculty of Veterinary Science, Chulalongkorn University Prof.Dr.Mongkol Techakumphu
09.15-09.45	Prof. András Dinnyés (Biotalentum, HUNGARY) PartnErS: A successful example of FP7 supported EU- Thai collaboration in Stem Cell Research
9.45- 10.15	Peter W. Andrews (University of Sheffield, UK) <i>Culture Adaption in Human Embryonic Stem Cells: Oncogenesis in vitro?</i>
10.15-10.30	Tea break
10.30-11.00	Prof. Poul Hyttel (University of Copenhagen, DENMARK) <i>Induced pluripotent stem cells in the pig</i>
11.00-11.30	Dr. Ruttachuk Rungsiwiwut (Chulalongkorn University, THAILAND) <i>Effect of Rock inhibitor on neural progenitors derived from human embryonic stem cells</i>
11.30-12.00	Assist. Prof. Elizabeth Henny Herningtyas (Gadjah Mada University, INDONESIA) <i>Stem Cell and Regenerative Medicine Progress in Yogyakarta, Indonesia</i>
12.00 -13.00	Lunch
13.00-13.30	Nuttha Klincumhom (Ph.D. candidate, Chulalongkorn University, THAILAND) <i>Neuronal differentiation of mouse pluripotent stem cells: A valuable tool for study of neurogenesis in vitro</i>
13.30-14.00	Assist. Prof. Theerawat Tharasanit (Chulalongkorn University, THAILAND) <i>Stem Cell Research in Veterinary Science</i>
14.00-14.30	Assoc.Prof. Dr. Hasnan Jaafar (University Sains Malaysia, MALAYSIA) <i>Long-term culture of rat embryo-derived neural stem cells under conditioned microenvironment: Implications in stem cell fate specifications</i>
14.30-15.00	Tea break
15.00-15.30	Dr. Béla Kardon (Ministry of National Resources, HUNGARY) <i>Collaboration possibilities between Europe and Southeast Asia</i>
15.30-16.00	Ágota Laczó-Dávid (MAKOG, Hungary, SEA-EU-NET Project) <i>ASEAN-EU Year of Science, Technology and Innovation 2012</i>
16.00-17.00	Panel discussion on ASEAN-EU Scientific cooperation possibilities (Dr. Béla Kardon, Ágota Laczó-Dávid, Prof. András Dinnyés, Dr. Ruttachuk Rungsiwiwut)
