

PEP 2012: Final Program

1 Oct 2012

8.15-8.30	Opening ceremony
8.30-9.30	Lecture 1 : Introduction to recombinant protein expression (<i>Dr. Alain Jacquet or X</i>)
9.30-10.00	Coffee Break
10.00-11.00	Lecture 2: Glycoproteins; purification and characterization (<i>Dr. Alain Jacquet</i>)
11.00-12.00	Lecture 3: Protein expression in the yeast <i>P.pastoris</i> (<i>Dr. Andy Chevigne, Luxembourg</i>)
12.00-13.00	Lunch Break
13.00-14.00	Lecture 4: VLP or Mab production and purification (<i>Dr. Alain Jacquet or X</i>)
14.00-15.00	Lecture 5: Protein crystallography (<i>Dr. Kuakarun Krusong, Faculty of Science</i>)
15.00-15.30	Coffee break
15.30-16.30	Lecture 6: Bioinformatic analysis (protein-protein interactions) (<i>Dr. Dimitri Gilis, Belgium</i>)
16.30-17.00	Questions/answers to the experts
17.00	Welcome Party

2 Oct 2012

9.00-12.00	Lab Session 1: Glycoprotein expression in <i>P.pastoris</i> and protein purification part 1
12.00-13.00	Lunch Break
13.00-17.00	Lab Session 2: Glycoprotein expression in <i>P.pastoris</i> and protein purification part 2

3 Oct 2012

9.00-12.00	Lab Session 3: Glycoprotein expression in <i>P.pastoris</i> and protein purification part 3
12.00-13.00	Lunch Break
13.00-17.00	Lab Session 4: Glycoprotein expression in <i>P.pastoris</i> and protein purification part 4
	Poster Session or selected abstract presentation part 1

4 Oct 2012

9.00-12.00	Lab Session 5: Bioinformatics
12.00-13.00	Lunch Break
13.00-17.00	Lab Session 6: Glycoprotein expression in <i>P.pastoris</i> and protein purification part 5

5 Oct 2012

9.00-12.00	Lab Session 7: Glycoprotein expression in <i>P.pastoris</i> and protein purification part 6 (conclusion, hint and tips)
	Poster Session or selected abstract presentation part 2
12.00-13.00	Lunch Break
13.00-14.00	Course Summary and Evaluation and closing ceremony
